REGISTRATION FIGURES SHOW 2,565 STUDENTS

Classes began yesterday for 2,565 students, the number of registrants as of last Wednesday for the Fall, 1971 Term. The student population represents an increase of 13% over the official 1970 Fall registration. Spring, 1971, enrollment was 2,286.

Yesterday's late registration may boost the enrollment figures slightly. Last day to add classes is October 6.

LIBRARY HAPPILY SETTLED IN NEW LIBRARY-CLASSROOM BUILDING

The College Library begins the academic year fully in operation in its new quarters.

Last June the Library staff moved over 150,000 volumes to the new Library-Classroom Building in time to open its doors on a limited basis for the Summer Session.

Throughout the summer the staff of 27, headed by Arthur Nelson, College Librarian, continued preparing the 150,000-book collection and 1,500 current periodicals for full-scale use this fall.

Located on the first, third and fourth floors of the \$4,300,000 structure, the Library also has subscriptions to 35 newspapers and phono-listening facilities for its 2,600 records, which include drama, poetry readings, foreign languages and music of all types. Facilities are also available for micro-film viewing and individual study. The Technical Services Department is located in the northeast corner of the basement.

Access to the third and fourth Library floors may be gained by the inside elevators which do not stop at the basement, second or fifth floors.

Currently the only entrance to the Library is located at the north doors, due to staffing limitations.

The Library is marking its long-awaited occupancy of the new building by publication of a Library Handbook which is available to all students, faculty and staff.

Hours for the Fall, 1971 Term are as follows:

Monday through Thursday	8 a.m. - 10 p.m.
Friday	8 a.m. - 5 p.m.
Saturday	10 a.m. - 2 p.m.
Sunday	1 p.m. - 5 p.m.

The 167,816 square feet in the Library-Classroom Building are occupied by the following offices in addition to the Library. There are also 41 classrooms.

Basement - Education Department, Language Laboratory, A-V Services, Data Processing, nine classrooms, including one with a 100-seat capacity.

Second Floor - Thirty-two classrooms, conference rooms, Humanities Division and faculty offices.

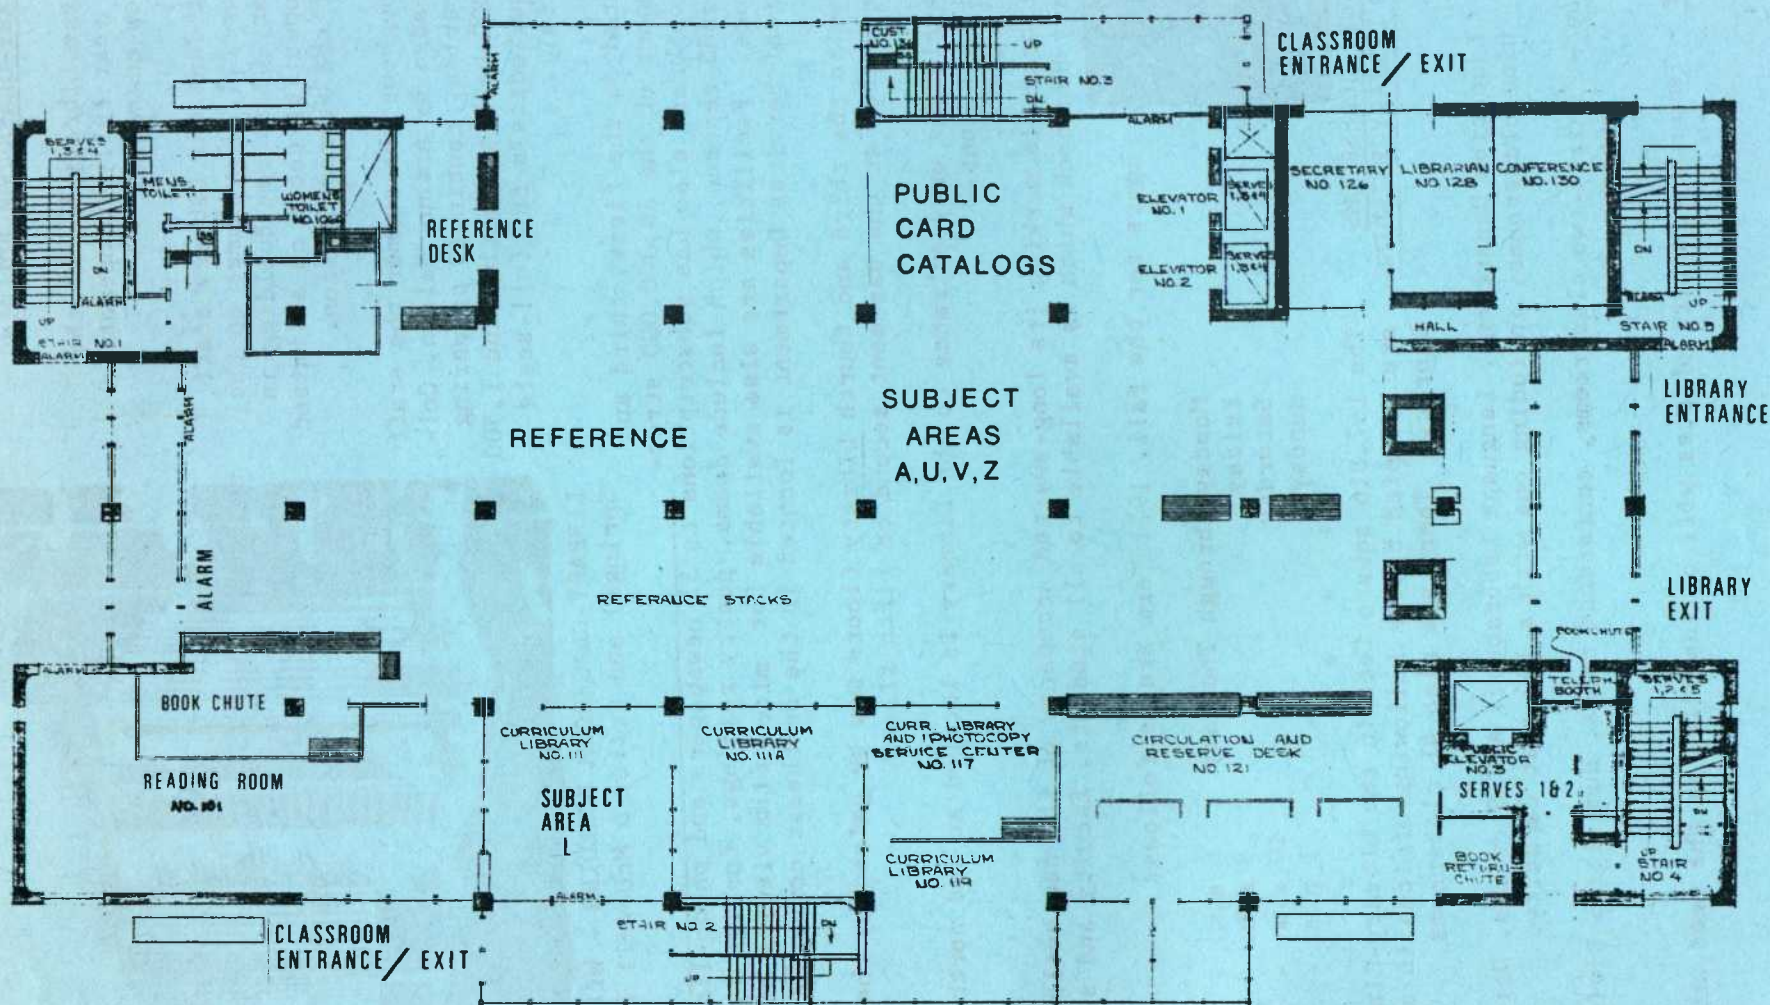

Fifth Floor - Temporary faculty offices will be installed as the need arises.

LIBRARY-CLASSROOM BUILDING - William F. Cody (Palm Springs) and Criley & McDowell (Claremont), architects
